Investigation to locate subject in Wagner and

-P- ARMED AND DANGEROUSDETAILS

By communication dated July 27, 1976, the Kansas City
Office of the FBI advised as follows:

Continuous contact has been maintained with the
Butler, Missouri, Police Department and the Missouri State

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Highway Patrol, Butler, Missouri, and periodic surveillance of [redacted] residence has been negative.

On July 20, 1976, [redacted]
[redacted] Sunset Drive, Butler, Missouri, was interviewed and furnished the following information:

[redacted] advised she is aware that [redacted]
[redacted] and was wanted by law enforcement authorities. She advised she has not seen nor heard from [redacted] since [redacted] and had no idea where he was but speculated that he was somewhere in South Dakota.

[redacted] advised that on the Fourth of July weekend that [redacted] brother, [redacted] also known as [redacted] wife, [redacted] her sister, [redacted] and [redacted] came to Butler from Wagner, South Dakota, to spend Fourth of July weekend with them. [redacted] stated that they drove to Butler in a Dodge Coronet and that [redacted] was not with them.

b6
b7C

According to [redacted] the family discussed [redacted] over the Fourth of July weekend but no one talked like they knew where he was. [redacted] stated that she and [redacted] who resides in Appleton City, Missouri, are close to [redacted] but doubted [redacted] would come see either of them because he would be afraid of causing problems for the [redacted] in the event of an arrest by law enforcement authorities.

[redacted] advised that [redacted] would probably not cooperate with the FBI and [redacted] stated that she would not turn [redacted] in but would try to talk him into turning himself in if she were to get in contact with him. Kansas City is conducting no further investigation at this time, however, will be alert to the possibility of subject's appearance in either Butler or Appleton City and will maintain contact with law enforcement officers in these cities.

On July 31, 1976, RUBEN HUBER, Sheriff, Charles Mix County, Lake Andes, South Dakota, telephonically contacted Special Agent (SA) WALTER P. J. QUIGLEY and advised that on the previous evening his office had received positive information that subject was in the vicinity of Lake Andes Housing and that he was traveling in one of two vehicles, a brown two tone (brown vinyl over

brown) 1970 Plymouth, South Dakota License [redacted] damaged on the right rear door rear end shackled up, which belonged to one of the [redacted] with whom [redacted] has stayed previously. The second vehicle was described as a late model black Ford van with orange mural type painting on the sides and three rectangular windows in the rear which bore North Dakota License [redacted]

Sheriff HUBER responded with his Deputy [redacted] and South Dakota Highway Patrolman [redacted]. They spotted the [redacted] Plymouth, it took off and they lost it following a chase. They determined the following day that [redacted] was in the car but that one of the [redacted] had let him out when they lost the pursuing police and [redacted] ran off into a corn field.

Sheriff HUBER continued that he has recently obtained a warrant on [redacted] a cousin of [redacted] and that on July 31, 1976, [redacted] who is trying to make the best deal he can with HUBER, told him that [redacted] was a participant in a burglary in Wagner about [redacted] (a State case) in which a [redacted] stolen. [redacted] further told him that at least [redacted] had been taken by [redacted] south of Wagner. As far as [redacted] knows, the [redacted] are still at [redacted] house.

b6
b7C

HUBER requested assistance since he indicated he believed [redacted] was still in the area, he had a list of autos of [redacted] friends with whom he has been known to be riding recently and his belief that the subject would be located in Indian housing at either Lake Andes or Wagner on the night of July 31, 1976, or early morning of August 1, 1976.

Spot checks and fisur of logical locations by Bureau Agents to locate subject were unsuccessful during late night of July 31, 1976, and early morning of August 1, 1976.

South Dakota Highway Patrolman [redacted] furnished the following list of autos in which he indicated the subject has been seen during the past two weeks or his sources speculate would be logical vehicles to look for him in:

[redacted] four-door blue Ford, [redacted]
[redacted] 1963 two-door blue Rambler, [redacted]
[redacted] 1968 Mercury Cougar, maroon/black, [redacted]
[redacted] 1966 Plymouth, four-door, grey, [redacted]
[redacted] 1968 Buick Riviera, green, [redacted]
[redacted] 1970 Plymouth Fury, four-door hard top, [redacted]
[redacted] 1970 Brown Plymouth, dark brown vinyl
over brown, damage to right rear door,
rear end shackled up, [redacted]
[redacted] black Ford van, orange murals on sides.
(North Dakota) three rectangular windows in rear, [redacted]
Wagner Housing.

Sheriff HUBER continued that [redacted] has
told him that he intends to actively attempt to locate
[redacted] and advise him and HUBER indicated he would continue
to keep SA QUIGLEY apprised of any positive information.

b6
b7C

By communication dated August 5, 1976, the
Kansas City Office of the FBI advised:

[redacted] husband of subject's [redacted]
[redacted] telephonically contacted SA [redacted]
July 27, 1976, from Appleton City, Missouri. [redacted]
stated he returned home after going to a movie and found
that all of his furniture, personal belongings of [redacted]
and his .22 caliber revolver were missing. He found a
note which stated [redacted] Go home. I am gone for good.
[redacted]

[redacted] advised that [redacted] had recently been
drinking and started talking about her brother, [redacted]
and during that occasion made some comment that she would
be willing to travel to a new city, sell all of her belongings
and assume a new identity if she could help the subject.

[redacted] was requested to keep SA [redacted] advised
if he found his wife or subject and to advise the Kansas City
Division of his whereabouts.

On July 29, 1976, contact with [redacted]
[redacted] employer, Appleton City, advised [redacted] departed
for either Iowa or South Dakota in an attempt to locate
his wife and had no idea if he would return or not.

[redacted] told SA [redacted] that he would probably kill the subject if he found him and determined that he caused his marriage to break up.

The following investigation was conducted in the vicinity of Lake Andes and Wagner, South Dakota, by SAs WALTER P. J. QUIGLEY and [redacted] on the dates indicated:

On August 26, 1976, September 10, and September 27, 1976, contacts with Sheriff RUBEN HUBER, Charles Mix County, Lake Andes, South Dakota, and Detective [redacted] [redacted] Bureau of Indian Affairs (BIA), Wagner, South Dakota, determined that [redacted] definitely remained in the Wagner area and was being hidden and supported by most of the local population. Both the Sheriff and Detective [redacted] advised they were in daily contact with their numerous contacts in the area and would continue attempts to locate him.

b6
b7C

On October 12, 1976, Detective [redacted] advised that he had received an anonymous call from an individual who advised that [redacted] was running with [redacted] an individual being sought on state charges, and that the two were staying on the [redacted] place south of Dante, South Dakota, and if not located there he could most probably be found at either [redacted] near Wagner or his father's, [redacted] near Greenwood, South Dakota.

On October 12, 1976, Bureau Agents assisted by BIA personnel and Charles Mix County Sheriff's Deputies, conducted extensive surveillances and searches of the aforementioned locations. The subject was not located, however, it was apparent that individuals probably identical to [redacted] and [redacted] had been sleeping in abandoned wrecked cars on the [redacted] place. Observations at [redacted] residence determined the presence therein of baby clothes and stereo tapes of the rock and roll variety and it was thereupon noted by Detective [redacted] that he had learned that [redacted] had been living with one of the [redacted] of Wagner and had a baby by her. From the available information and observations, it was speculated that [redacted] had, in fact, been staying at [redacted] and his father's during the period immediately preceding October 12, 1976.

RC 70-9926

Contacts have been maintained with Sheriff HUBER and Detective [REDACTED] the most recent being on November 19, 1976. Both continue to advise that [REDACTED] is definitely in the Wagner - Marty - Lake Andes area of South Dakota as they continue to receive reports to that effect.

A subject who was in the kitchen was notified by FBI that he was wanted for questioning, and was asked if anyone else was in the house or upstairs. He said "no, just his dog".

I started to go upstairs as did and called out to us that he learned there were some men upstairs.

AND I entered a west bathroom and observed three male Indians lying in bed. We identified ourselves and ordered all three to stand up and put their hands behind their head, which they did. All three were removed to main floor.

I observed a weapon which appeared to be a rifle laying along side of one of the beds, and a revolver and holster sticking out from between the mattress and box spring. These weapons were removed, and check disclosed both were loaded. The rifle was M-1 30 caliber and the revolver a five shot 38 caliber. These weapons were then unloaded.

All four male subjects were removed to the station and booked for the FBI.

A personal check of each subject's pants pockets revealed several rounds of 38 caliber, 39 caliber and 22 caliber ammunition.

Enclosed for the Bureau is referenced routing slip and copies of invoices from Crisman Aviation dated 5/5/76.

Enclosed invoices represent expenditures made in investigation of captioned matter. On 5/5/76 the subjects of this investigation were located in Sioux City, Iowa, within 100 miles of the scene of the crime and/or Magistrate authorizing complaints. Because of this, it was necessary to fly an Agent from Wagner, South Dakota, to Sioux Falls, South Dakota, to prepare the complaints then in turn fly the complaints and warrants to Vermillion, South Dakota, to be signed at a location where the U. S. Magistrate was at the particular time.

Because of the expeditious nature of this matter, the aircraft was rented and fortunately the Division of Criminal Investigation (DCI), Pierre, South Dakota, had a pilot available thusly avoiding the hiring of a pilot also.

If this had not been done in this way, many more man hours and much more correspondence would have been involved in obtaining extradition of the arrested subjects from Iowa back to South Dakota.

RUSSELL MEANS was interviewed at the Sacred Heart Hospital, was told the identities of the interviewing Agents and the purpose of the interview by Special Agent [redacted] at which time he changed a Xerox copy of his signed statement of May 7, 1976, to read as follows:

"5/7/76
"Yankton, SD

"I, RUSSELL MEANS, make the following voluntary statement to [redacted] and [redacted] who have identified themselves to me as agents of the FBI. Agent [redacted] has told me the purpose of the interview. No threats or promises have been made.

"Late Tuesday night I was contacted to have a meeting with many young people and [redacted]. The date was 5/4/76 in the housing in Wagner, SD. Later that night we were told the meeting place had been changed to the [redacted] residence next to [redacted] residence. Upon arrival there many young people in the house, all around 18 or 20 years old and they had been drinking. [redacted] We noticed they were drinking 3.2 per cent beer. After sitting down and talking to them as to the Indian-White relationships, etc. and what should be done, [redacted] walked into the kitchen. It was around midnight. [redacted] had, in 1974, with some of his friends, had beaten me and [redacted] and subsequently had shot at me. Subsequent to that [redacted] and about 15 of his friends had jumped my brother BILL MEANS. Also had previously jumped [redacted]. In view of this we told everyone there [redacted] better leave or there would be trouble. [redacted] left.

b6
b7C

"We continued our discussion. Some of the young guys pulled out a .22 rifle, a sawed-off shotgun and a .22 pistol. I assumed [redacted] was still in the house.

so we thought we'd better leave. We got up to leave and [redacted] had what I believed to be a 22 caliber rifle and [redacted] had what I believed was a 22 caliber hand gun. At that point [redacted] kept us in the house at gunpoint for a while and they were making fun and polking at us. Someone then said "take them out of the house, we can't do anything to them in the house." They then marched us out of the house at gunpoint to the driveway on [redacted] house. Just prior to this [redacted] and [redacted] cocked their guns so I knew they weren't fooling around. After forcing me to sit on the driveway they began to kick me and [redacted] then made a run for it to get help. [redacted] at this point had two revolvers in his hand, both cocked. [redacted] said you take care of him and I'll get this one meaning [redacted] I was watching the man with the rifle, [redacted] as he backed across the street onto the grass. [redacted] had the rifle pointed at me. I heard a shot and I was hit by [redacted] I heard another shot but I don't know who fired it. [redacted] then ran.

b6
b7C

"I called for [redacted] who was at the [redacted] residence. [redacted] and [redacted] came to my aid and the next thing I recall an ambulance came.

"I don't know why they shot me except for the fact that they are against AIM and the [redacted] family and that the [redacted] and [redacted] dislike them. I think they set me up and I think [redacted] had something to do with it. [redacted] and [redacted] knew we were having a treaty meeting with the Superintendent and that it was a set up.

"I don't recall any other shots being fired except the two. I believe we were meant to be killed. Earlier that night there had been firing around the house. The night before there had been firing around the house.

"By the way, earlier that night a young fellow shot a shotgun which almost hit me. The shotgun blast went within six inches of my face.

"While we were in the house they were calling [redacted] And I was told [redacted] came in the house. I feel I could positively identify [redacted] and [redacted] in court.

[redacted] was about 5'1", slim, wavy hair, shoulder length, around 21 years of age, sharp features in the face.

[redacted] was short, stocky, baby face, slight mustache, very young and innocent looking, with choppy hair but not as long as [redacted]

[redacted] had black hair; I think [redacted] had dark brown hair.

"I would like a complete investigation into [redacted] involvement_

"I now sign this statement that consists of four pages.

"We first sat in the kitchen area. There was beer in the area. We did notice it was 3.2 beer. One of the individuals there was asking MEANS' advice. Suddenly [redacted] showed up. He and MEANS were disturbed as they felt they could not talk with [redacted] present. [redacted] had attempted to

[redacted] and [redacted] were there with
other individuals. The discussion continued with
[redacted] and a guy named [redacted] doing a lot
of talking. I did not previously know [redacted] &
[redacted] but I know them now.

"I saw the Sioux City, Iowa, newspaper, last
Thursday. The newspaper showed four individuals
on the front page. I saw the four pictures and the
man who shot me was one of the men in those four
pictures. The story in the newspaper was with
regards to my shooting.

"I was there Tuesday night to trying to put
together a package on the Sundance and the treaty
convention. There was a smoky atmosphere in the
kitchen and there was arguing so I left to go out-
side to get some fresh air. I was outside for ten or
fifteen minutes and then I heard a shot coming from
inside the house. The shot sounded like a shotgun.
I ran back inside as MEANS was still inside. There
was still confusion inside. I then went outside again.
MEANS stayed in the house. I went and sat in [redacted]
[redacted] which was parked in front of the [redacted]
residence. There were [redacted]

I do not know [redacted] last names but their first
names were [redacted] and [redacted]

"I then noticed two people marching MEANS out
of the house at gunpoint. One had a rifle and one
had a handgun. [redacted] was closest to MEANS and he
had the handgun. The man with the rifle was [redacted]
As they came out of the door they took a right and
[redacted] saw us in the car and [redacted] shot at us with
the rifle. I believe there were two shots. I was
on the drivers side of the car. The [redacted] yelled
that they were shooting at us but I couldn't believe
it. The [redacted] and I believe
they took off. I then got out of the car [redacted]
then stuck a handgun into my face. I saw [redacted] with
a rifle marching MEANS across the street to the front
of the [redacted] residence. I heard [redacted] say to MEANS

as [] kicked MEANS he was saying "you son of a bitch I ought to shoot you. I ought to kill you." [] continued to hold the handgun at my head. [] said "hold it right there. Freeze." MEANS was on the ground. [] said "come out here." [] was backing up and I followed him. [] said "lay down" and I layed down on the road. The gun was cocked. It was a long barrel .22 pistol. I was down on all fours. [] started backing up to MEANS where [] was. They were giving MEANS all kinds of hell. [] came back to me and said "get the keys out of the car." I got the keys and opened the back of the vehicle which was a station wagon. [] told me to empty the wagon. I grabbed everything in the rear of the wagon and threw it onto the street. [] then made me lay down in [] told me to "spread eagle you son of a bitch or I'll kill you."

b6
b7C

"I then heard a shot go off. I saw [] with the rifle backing up in the street, aiming it at MEANS and I heard MEANS moan. I heard [] say "did you kill him, did you kill him, did you kill him?" [] then ran over to MEANS and [] ran over to me and said "I ought to shoot you, you son of a bitch." I said "hey man, what's going on. We're not even from here?" I had my hand up. [] had the rifle pointed at my head. [] said "put your hand down. I ought to kill you you son of a bitch."

[] then moved back and said again "I ought to kill you, you son of a bitch." I then heard a shot and []

"The rifle was a .22 but I'm not sure whether it was a pump or lever action.

"I was still awake. I heard them out there. [] and didn't want to move while they were there. I then heard them drive away. At this point I heard MEANS yelling [] I got up and ran and beat on the window where [] was sleeping. [] wife said go to the back door. I went to the door and they let me in and I said "RUSS is hit."

"I would like to back track. After [redacted] [redacted] I heard one of them [redacted] or [redacted] say let's go. let's get out of here."

b6

[redacted] and other people then tried to stop the bleeding. We first went to the Wagner hospital then to the Sacred Heart Hospital in Yankton, SD.

"I am sure [redacted] [redacted] and I would be willing to testify to that in court.

"We were introduced to the people at the get together that night, previous to the shooting, but I don't recall the other names.

"I would like to back track again. As they marched MEANS out of the house there was a third man, whom I can not identify, standing by the corner of the [redacted] house. The man had a shotgun and stood there as though he was a cover.

"I have read this statement of six (6) pages and it is true to the best of my knowledge.

On June 27, 1976, [redacted]

[redacted] advised that [redacted] escaped from the Penitentiary at approximately 1:30 - 1:40 p.m. on [redacted] utilized a concrete fresh air vent which extended from the ground to the top of the west cell block. This fresh air vent has a series of barred windows which extend from approximately ten feet from the ground to approximately twelve feet from the top of the roof of the above-mentioned cell block. [redacted] jumped to the lower portion of the bars and pulled himself up and was able to conceal himself with the cold air vent from the sight of the tower guards. He is believed to have received some assistance from an unknown individual who was on top of the cell block. [redacted] spanned the twelve foot area from the top of the barred window to the roof with the aid of a rope.

[redacted] stated [redacted] crossed the west cell block from the north side to the south and fastened the rope to an eyelet which is used to attach guide wires for an antenna. As [redacted] climbed over the edge of the south side of the west cell block, it is believed that the rope broke and [redacted] fell a minimum of 40 feet to the ground. [redacted] is believed to have crossed the area adjacent to the prison by moving through an area which is heavily wooded. [redacted] concealed himself in this wooded area.

Approximately ten minutes after [redacted] escaped from the center court, an inmate went to the prison infirmary stating that an individual had gone over the wall. This information was passed on to the guards. An investigation was initiated which resulted in determining that [redacted] continued on into the wooded area and that visitors to [redacted] in the prison had been his wife, [redacted] and mother-in-law, [redacted] on June 23, 1976, and an unnamed brother on June 24, 1976.

On June 28, 1976, Assistant United States Attorney (AUSA) [redacted] Sioux Falls, South Dakota, advised that he would not authorize issuance of Escaped Federal Prisoner warrant against [redacted] inasmuch as [redacted] was in custody of State of South Dakota at the time of his escape. [redacted] advised, however, he would request a warrant be re-issued based on the indictment returned by the Federal Grand Jury in Sioux Falls in 1975 charging [redacted] with two counts of Assault with a Dangerous

Weapon and one count of Breaking and Entering. [redacted] advised that these charges are still outstanding in connection with [redacted] [redacted] Yankton, South Dakota, on May 5, 1975.

On June 28, 1976, [redacted] U. S. District Court, Sioux Falls, advised that this date an arrest warrant was issued and filed with U. S. Marshals, Sioux Falls, charging [redacted] with two counts of Assault with a Dangerous Weapon and one count of Breaking and Entering in violation of Title 18, U. S. Code, Section 1153. Bond was recommended at \$25,000 cash or surety.

Result of examination:

Specimen Q1 is a .22 Long Rifle lead bullet which was fired from a barrel which produces rifling impressions like the barrels of the K1 and K4 weapons. However, specimen Q1 does not contain sufficient microscopic marks of value for identification purposes. Nothing was found to indicate that specimen Q1 had been fired from K1 and because of the lack of microscopic marks in Q1 it was not possible to determine if it had been fired from K4.

Specimens Q2 and Q3 are lead fragments which have no remaining bullet characteristics. Therefore, it was not possible to determine if Q2 or Q3 originated from a bullet which was fired by any of these submitted weapons.

The Q4 cartridge case was identified as having been fired in the K4 rifle.

Group "O" human blood was identified on Q5.

Man tied to Means shooting escapes

SIOUX FALLS, S.D. (AP) — James Weddell, 20, of Wagner, charged in the May shooting of American Indian Movement (AIM) leader Russell Means, escaped from the South Dakota Penitentiary Saturday.

Weddell was last seen in the prison yard around 1:40 p.m. and used a rope to scale an administration building and leave the grounds, a prison spokesman said.

The spokesman said it appeared Weddell had help from the outside and may have gotten a two-hour headstart before prison officials noticed he was missing.

He was among a group of about 300 prisoners in the yard for recreation at the time of the escape.

Weddell was serving three years on a burglary and grand larceny conviction in a break-in and burglary prior to the takeover of a pork plant in Wagner last year, the spokesman said.

He was facing trial on two counts of assault with intent to kill in the woundings of Means and John Thomas at Wagner May 5.

Prisoner escapes in Sioux Falls

SIoux FALLS (AP) — Authorities continued their search Monday for James Weddell, 20, Wagner, who escaped Saturday from the South Dakota Penitentiary here.

Prison officials said Weddell was last seen in the prison yard around 1:40 p.m. and might have gotten a two-hour head start before he was missed. He was among a group of about 300 prisoners in the yard for recreation at the time of his escape.

A spokesman said he used a rope to scale an administration building and leave the grounds. He added that it appeared Weddell had outside help.

Weddell was serving a three-year sentence on a burglary and grand larceny conviction in a break-in and burglary before the takeover of a Wagner pork plant last year. He also faced trial on two counts of assault with intent to kill in the wounding of American Indian Movement leader Russell Means and John Thomas May 5 at Wagner.

Weddell escaped from a county jail before his trial but turned himself in to his attorney when the trial began. He also escaped following his burglary conviction and was at large until his arrest shortly after the Means-Thomas shootings.

"We continued our discussion. Some of the young guys pulled out a .22 rifle and a .22 pistol. We, [redacted] & I, thought we'd better leave. We got up to leave and [redacted] had what I believed to be a .22 caliber rifle and [redacted] had what I believed was a .22 caliber hand gun. At that point [redacted] for a while and they were making fun and poking at us. Someone then said "take them out of the house, we can't do anything to them in the house." They then marched us out of the house at gunpoint to the driveway opposite [redacted] house. Just prior to this [redacted] and [redacted] cocked their guns so I knew they weren't fooling around. After forcing me to sit on the driveway they began to kick me [redacted] then made a run for it to get help [redacted] at this point had two revolvers in his hand, both cocked. [redacted] said "you take care of him and I'll get this one" meaning [redacted] I was watching the man with the rifle, [redacted] as he backed across the street onto the grass. [redacted] had the rifle pointed at me. I heard a shot and I was hit by [redacted]. I heard another shot but I don't know who fired it. [redacted] then ran.

"I called for [redacted] who was at the [redacted] residence. [redacted] crawled to the [redacted] residence. [redacted] and [redacted] came to my aid and the next thing I recall an ambulance came.

"I don't know why they shot me except for the fact that they are against AIM and the [redacted] family and that the [redacted] and [redacted] dislike them. I think they set me up and I think [redacted] had something to do with it. [redacted] and [redacted] knew we were having a treaty meeting with the Superintendent and that it was a set up.

"I don't recall any other shots being fired except the two. I believe we were meant to be killed. Earlier that night there had been firing around the house. The night before there had been firing around the house.

"By the way, earlier that night a young fellow shot a shotgun which almost hit me. The shotgun blast went within six inches of my face.

"While we were in the house they were calling [redacted]. And I was told [redacted] name in the house. I feel I could positively identify [redacted] and [redacted] in court.

[redacted] was about 6'1", slim, wavy hair, shoulder length, around 21 years of age, sharp features in the face.

[redacted] was short, stocky, baby face, slight mustache, very young and innocent looking, with choppy hair but not as long as [redacted]

Means Shooting Blamed on Government and FBI

By Dale Bruget
Journal Correspondent

YANKTON, S.D. — The state and federal governments and the FBI are to blame for the shooting incident which injured AIM leader Russell Means and AIM member John Thomas at Wagner this week, AIM spokesmen charged Friday.

In an AIM-arranged press conference at Sacred Heart Hospital, Means' brother, Ted Means of Rapid City, and AIM coordinator Greg Zepher of Wagner presented a formal statement and answered questions.

A preliminary hearing is set Tuesday in Sioux Falls for five persons charged in the shootings. James Weddell, 19, and Michael Weston, 18, both of Wagner, are charged with assault with intent to kill. Gerald Black Elk, 18, Rapid City, and Terry Provost, 23, Lake Andes, are charged as accessories after the fact. A 17-year-old juvenile also has been charged as an accessory after the fact.

Ted Means said AIM conducted an investigation into the shooting of Russell Means and Thomas and found that "several Indian persons have been paid by the FBI to incite and provoke acts of violence against Indian people and organizations."

Russell Means is at the top of a list of people targeted "for this kind of illegal activity," he said.

Ted Means cited several instances in 1974 and 1975 in which his brother was attacked, shot, or shot at, naming Edward John Fuller of Mission, S.D., as an assailant in some of the incidents.

Ted Means said Fuller was seen leaving the Lois Tiger residence in Wagner last Tuesday evening and proceeding to the Weston residence. A few hours later, Russell Means and Thomas were asked to come to the Weston residence to discuss certain matters, he said.

Ted Means said the occupants "had obviously been drinking." He said Fuller came back to the house and was asked to leave after a verbal confrontation. Afterwards, he said, there was another confrontation with Weston and Weddell.

"Realizing the mental state of Weston and Weddell, Russell and John attempted to leave," said Ted Means. "At that point weapons were pulled by Weston and Weddell. A shotgun blast was fired near Russell's head. They were then ordered outside and shot at

close range in an execution attempt."

Ted Means also charged South Dakota Atty. Gen. William Janklow with racism and bias and said Janklow "elevates himself above the legislature and judges of this state."

Means said that the Wagner incident Wednesday was just another example of the way the "government works" to discredit the Indians' efforts to obtain justice and to reach goals.

"Russell and John were set up," Means said. "The attackers were used as pawns in a very sophisticated plan by the FBI; they are not now nor have they been previously involved in the Indian movement."

Asked whether personal animosity might have brought on the attack as an unplanned act, rather than an attempted murder, Means said that Weddell and Weston "had been drinking," but he was interrupted by an emotional outcry from Thomas' mother.

"Wouldn't you believe it was an assassination attempt when they shot Russell and John the way they did?" she asked.

Ted Means said his people believe (or know) that others besides those named were involved with the Wagner incident. They are known, he said, and will be "dealt with the Indian way."

Asked what that "way" is, he said, "Being non-Indian, you wouldn't understand, but they will be ostracized, for one thing."

Reluctant to comment at length about Dennis Banks' recent comments from Oregon, where he faces extradition, Ted Means declared "there is no split" between the two leaders, explaining that the implications to that effect are due to "the press twisting Banks' remarks."

He said "definitely not" when asked if the Wagner shooting might be a result of disagreement between Banks and Means.

Ted Means noted that since 1973 there have been more than 200 violent deaths on South Dakota Indian reservations.

"I'm saying that the federal and state governments are responsible for those more than 200 Indian deaths," he repeated. "The FBI creates violent situations; divide and conquer is their motive."

The Wagner incident took place during a meeting for the coordination of the approaching International Indian Treaty Conference.

An AIM spokesman at the hospital Friday said that the conference, to be held at Greenwood June 13-20, is expected to attract between 7,000 and 10,000 Indians. Tribal chiefs, elders, spiritual leaders and others will discuss strategy for obtaining treaty rights, he said.

Plans for the June event are being worked out by members of the Yankton Sioux Tribe, Don Loudner, BIA superintendent and others. Russell Means was in Wagner to help.

Indian spokesmen at the hospital declared that Means was not in violation of his bond restrictions in participating in the planning session.

"Russ will continue to be involved, reporting to Sioux Falls every 60 days according to court order," his brother said.

Ted Means rounded out the press conference saying, "We've been offering solutions to the government for the Indian problems. It is up to the government to listen to the Indian people and respond by creating positive changes."

"Do the Indian people mean violence when they say they are going to blow out the candles on the birthday cake of the U.S. this bicentennial year?" he was asked.

Before Means had an opportunity to reply, a woman's voice rang out of the ranks of the spectators. "Ours were blown out 200 years ago."

Tension at Sacred Heart Hospital was de-escalating Friday. A city police officer kept watch at the single entrance door which remained unlocked. Ron Morton, hospital administrator, made arrangements for the AIM-called news conference, noted that there were "a lot of visitors." He said hospital functions were proceeding excellently. Yankton City Manager Cliff Stockmeyer says that the city and county authorities have had the utmost cooperation from AIM representatives during the hospitalization of Means and Thomas.

Ted Means, at the forenoon press conference, praised Yankton city and county authorities for their "fine cooperation."

The two shooting victims were reported in "good" condition Friday.

"There was no violation of vital organs," a hospital spokesman said, "and post-operative care is progressing normally. Barring any unforeseen complications, the men's physician would expect that they be discharged from the hospital within a week or so."

[redacted] Kerr-McGee Corporation Service Station, 800 Cherry Street, telephone number 605-624-9916, was told the identities of the interviewing Agents and the purpose of the interview at which time he provided the following information:

His wife [redacted] opened the service station at approximately 7 a.m. on May 5, 1976, and left at approximately 7:15 a.m. due to illness in the family. He was alone at the service station in between 7:15 a.m. and 7:30 a.m. when he noticed an automobile parked in front of the window of the service station. He did not observe the automobile drive into the service station but when he looked up he noticed it was facing west.

The automobile contained what he believed were five Indians. In the front seat was an Indian male at the steering wheel and a passenger who appeared to be an Indian male with a headband. He only glanced at the passenger for one or two seconds and could not identify the passenger. In the rear seat were what appeared to be three Indians, one of whom he thought may have been a woman. He only observed she had long black hair but he could not be positive whether the individual was a woman. He did not look at the other two individuals in the rear seat.

He described the driver as follows:

The driver did not appear to be drinking, but as he exited the automobile he flicked a cigarette butt to the ground. The butt was not on the ground at the time of the interview as the wind had blown it away. The driver walked into the service station and asked him if he (the driver) could leave a pistol as collateral until Friday as he (the driver) needed gasoline. The driver said he was a student and expected a check on Friday. Partially through trust and partially through intimidation, he agreed to hold the pistol as collateral. The driver then returned to the car and appeared to talk to the others for two or three minutes and then returned carrying the pistol in his right hand next to his side. As he (the driver) handed the pistol to him, he noticed the cylinder was open and it was unloaded. The driver then returned to the car and backed it to the gasoline pump and filled it full of gas. The gasoline charge was for \$9 and the driver asked if he could have a "few dollars" to get him (the driver) "through." He agreed. He gave the driver \$2. He had the driver sign a Kerr-McGee Corporation invoice number H1049788. The driver signed [REDACTED]. The driver then drove away; however, he did not notice which way the driver proceeded, east or west.

b6
b7c

He described the pistol as a .22 caliber revolver. A short time later, the Vermillion, South Dakota, Police Department telephoned him advising him to be on the watch for a car, the occupants of which may have been involved in a shooting at Wagner, South Dakota. He then told the police of the incident described above. The police came to the station and he gave them custody of the weapon.

He felt he was unable to describe or identify any individual except the driver. Thereupon he was shown a photographic spread including photographs of the following individuals: [REDACTED]

[REDACTED] and [REDACTED]

He thought the driver resembled [REDACTED] but he could not be sure. However, he did not believe the nose of [REDACTED] was the same type of nose of the driver although it somewhat resembled it.

Ted Means calls shooting 'assassination attempt'

YANKTON (AP) — State American Indian Movement (AIM) coordinator Ted Means said Friday that a shooting which resulted in injury to two AIM members this week was a direct assassination attempt.

Means said that a paid informant was responsible for events leading to the shooting. He added that the individual he considers an informant has caused trouble for Russell Means in the past and was seen leaving a Wagner house several hours before Means and John Thomas suffered gunshot wounds Wednesday.

"We have found several Indian persons who have been paid by the FBI to incite and invoke acts of violence against Indian people and organizations," the AIM coordinator said at a press conference. "Several people have been the target of illegal activity. Russell Means is at the top of the list."

Ted Means, Russell's younger brother, said two young men charged in

the shooting "are being used as pawns, whether they know about it or not."

He said that to his knowledge, none of the five men charged in connection with the incident are AIM members.

James Weddell, 19, and Michael Weston, 18, both of Wagner, have been charged with intent to kill in the shootings.

Gerald Black Elk, 18, and Terry Provost, 23, Lake Andes, have each been charged on two counts as accessories after the fact. A 17-year old juvenile has also been charged with being an accessory after the fact.

"Russ and John were set up. They were used in a very sophisticated plan by the FBI," Means said. "We consider it a direct assassination attempt."

A spokesman for the FBI said the organization denies that it had any involvement in the shooting. He said the FBI believes it is of the utmost importance to bring the perpetrators of the crime to justice.

On May 4, 1976, he and [redacted] traveled from Manderson, South Dakota, to Mission, South Dakota in his 1969 Ford pickup where they picked up [redacted]. The three of them then traveled to Avon, South Dakota, where they got rooms in a motel.

He requested the motel manager to awaken him at 1 p.m. in order that he could write a check to obtain cash. He then went to bed. He was awakened by the manager of the motel at 1 p.m. but did not get up until 5 or 6 p.m. Inasmuch as it was too late to cash a check, he and [redacted] and [redacted] went to Wagner, South Dakota, looking for [redacted] so that [redacted] could borrow money from him. They were in a liquor store trying to obtain some wine when a girl, whose name he did not know, approached him and asked him if he wanted to go to a party. He said yes and they all traveled to [redacted] house in Wagner Indian Housing area.

After "partying" for awhile, someone told them that RUSSELL MEANS was in a house across the street. There was supposed to be a meeting with him that evening. [redacted] said he did not want to go see MEANS but the other people at the party convinced him that nothing would happen to him because the people at [redacted] house had invited him and he was their guest.

He and [redacted] and a few others from the party walked into the house across the street at which point he saw RUSSELL MEANS sitting down. He tapped MEANS on the shoulder and stuck out his hand in order to shake hands with MEANS. MEANS turned around and shook his hand. They continued arguing for about half an hour. At one point MEANS put the gun down on the table and challenged him to go outside and fight him. At another point during this argument, MEANS gave the gun to [redacted] who was sitting down. [redacted] waved the gun in his [redacted] direction. At this point, [redacted] should not have a gun because he had just gotten out of the penitentiary. [redacted] laid the gun on the table and MEANS picked it up again and pointed the gun at his [redacted] head. MEANS said "I've got a bad heart and don't have long to live so I don't mind taking someone with me. I'm not afraid to shoot anybody."

During the course of this argument with MEANS, an individual who had been at [redacted] party also and whose name he thought was [redacted] stood by him. At this point in the argument, [redacted] stood between MEANS and himself and told MEANS that he would have to shoot him first. MEANS then made a remark concerning [redacted] which made [redacted] mad. [redacted] then told him [redacted] that he had better leave. [redacted] told MEANS to put the gun down. MEANS put the gun down. MEANS then said to him [redacted] he was still going to get him.

[redacted] then left the house through the back door and got into his pickup truck. He then drove his truck about a block away. As he was driving he looked back and saw MEANS standing outside with the gun in his hand. After he had stopped he told [redacted] who was in the car with him, to go back and get [redacted]. [redacted] then came out of the house and got into the truck and they drove to a motel in Wagner to see [redacted]. After arriving at the motel, they went in to [redacted] room and watched TV for a while. They then got back into the truck and drove back to their motel at Avon, South Dakota. Shooting defendants bound over for trial

SIoux FALLS (AP) — Four men charged in the shootings of American Indian Movement leader Russell Means and AIM member John Thomas have been bound over to federal court in Sioux Falls for trial.

In other action Wednesday, U.S. Magistrate David Vrooman reduced bond for two of the defendants.

Vrooman bound James Weddell, 19, and Michael Weston, 18, both of Wagner over for trial on charges of assault with intent to kill.

Gerald Black Elk, 18, Rapid City, and Terry Provost, 23, Lake Andes, were bound over for trial on two counts each of being accessories after the fact.

The four defendants will be tried by U.S. District Court Judge Fred Nichol. No trial date was set.

Vrooman reduced Black Elk's bond from \$15,000 to \$1,000 and Provost's bond from \$15,000 to \$2,500. Neither man posted the money immediately.

The magistrate did not reduce bail for Weddell and Weston, who remain in custody under \$25,000 bond.

Means and Thomas were shot on Wednesday of last week in a housing project near Wagner. They are listed in good condition in a Yankton hospital.

In a separate case, Weddell was arraigned Wednesday afternoon before Judge Nichol in connection with the takeover of a pork plant at Wagner last year.

He is charged with two counts of

assault and one count of breaking and entering in the May 2, 1975 incident.

Weddell pleaded innocent to the charges. Nichol set bond at \$25,000.

Six co-defendants had pleaded innocent to federal charges in connection with the takeover but later changed their pleas to guilty. However, Weddell had escaped from custody and was at large at the time.

Tuesday hearing set for shooting suspects

SIoux FALLS (AP) — A preliminary hearing is set Tuesday in Sioux Falls for five persons charged in the shootings of American Indian Movement leader Russell Means and AIM member John Thomas.

The five were arraigned Thursday and were being held under bond.

James Weddell, 19, and Michael Weston, 18, both of Wagner, were charged with assault with intent to kill. Bond was set at \$25,000.

Bond was set at \$15,000 each for Gerald Black Elk, 18, Rapid City, and Terry Provost, 23, Lake Andes. Each is charged on two counts as accessories after the fact.

A 17-year-old juvenile was also charged with being an accessory after the fact. His bond was set at \$5,000.

U.S. Magistrate David Vrooman declined to reduce bail for the defendants at a bond reduction hearing later in the day.

If convicted, Weddell and Weston could face a maximum 20 years in prison on each count. The maximum sentence for Black Elk and Provost if convicted is 10 years on each count.

The five individuals were arrested by Sioux City, Iowa, authorities Wednesday morning, seven hours after a shooting at a housing area near Wagner left Means and Thomas hospitalized.

Each suffered a single, small-caliber gunshot wound.

Means and Thomas were listed in good condition at Sacred Heart Hospital in Yankton. Family members indicated that Means might be released from the hospital in a week if there are no complications.

Five facing arraignment in Means, Thomas shooting

SIoux FALLS (AP) — Five men were to be arraigned before a U.S. Magistrate here Thursday in the shooting of American Indian Movement (AIM) leader Russell Means and another AIM member.

The five were arrested in Sioux City, Iowa Wednesday, about seven hours after a shooting incident at Wagner on the Yankton Sioux Reservation that injured Means and John Thomas.

The FBI said two of the men would be charged with attempted murder on an Indian reservation. They were identified as Michael Weston, 19, and James Weddell, 19, both of Wagner.

The other three were charged with being accessories after the fact. The FBI identified them as Gerald Black Elk, Terry Provost and an unnamed juvenile.

A sixth man was arrested, but released without being charged, authorities said.

The five were transferred from Sioux

City to a Sioux Falls jail Wednesday night.

The arrests were made around 11 a.m. at a house in the northern part of Sioux City. A reporter who witnessed the arrests said FBI agents and Sioux City police armed with shotguns confiscated weapons and ammunition.

The shooting victims were listed in satisfactory condition after surgery at Sacred Heart Hospital in Yankton. They were under sedation and could not be reached for comment Wednesday night.

Hospital administrator Ron Morton said Means was hit in the lower chest by a single, small-caliber bullet, which exited through his side without hitting any vital organs. There were no internal injuries, he said.

Thomas was hit in the face by a single bullet, which cut through his nose and neck.

Morton said the men might be

removed from the intensive care unit today.

Neighbors said the shooting took place outdoors after an argument developed at a party.

One day earlier, Means had criticized AIM cofounder Dennis Banks for "selling out" the militant Indian group in order to be freed from weapons charges in Oregon.

Means, a 37-year-old Porcupine resident, said he and Thomas were on the Yankton Sioux Reservation to plan the American Indian Treaty Conference scheduled in June. Thomas, an Oklahoman, is coordinator of the conference.

Circuit Court Judge Richard Braithwaite, Sioux Falls, ordered an investigation into Means' presence on the Yankton Sioux Reservation at the time of the shooting.

Means was free on bond after his conviction for riot in Sioux Falls.

Means, Thomas 'satisfactory' after shooting

WAGNER (AP) — American Indian Movement (AIM) members Russell Means and John Thomas were listed in satisfactory condition Wednesday after undergoing surgery for gunshot wounds received at the Yankton Sioux Reservation.

Ron Morton, administrator at Sacred Heart Hospital at Yankton, said Means suffered a single 'small-caliber' bullet wound in the lower chest. There were no internal injuries, he said.

Thomas underwent exploratory surgery for damage to the face and neck from a single shot, Morton said.

The men were shot at a housing area.

Atty. Gen. William Janklow said Means and Thomas were shot at 4 a.m. by James Weddell, 19, and Michael Weston, 18, both of Wagner. He said the two suspects then fled.

Nine members of the state Division of Criminal Investigation, several FBI agents and sheriff deputies searched for the pair, along with a third suspect. At least four cars were sought in the reservation area in southeastern South Dakota.

Janklow said Means and Thomas were at the reservation to plan an AIM treaty conference scheduled for the reservation later this summer.

He could not give details of the shooting.

Weston and Weddell were charged in the occupation last July of a pork plant in Wagner. Weddell later escaped and has remained at large. Weston was free on bond following his conviction of burglary in the incident.

Donald Loudner, newly appointed superintendent of the Bureau of Indian Affairs office at the reservation, said Thomas is coordinator of the American Indian Treaty Conference scheduled for June. Thomas, an Oklahoman, has acted in the past as a spokesman for AIM.

Means is a cofounder of AIM and gained national prominence for leading the 73-day occupation of Wounded Knee in 1973.

Loudner said there were eye-witnesses to the shooting and that BIA police and FBI agents had taken written statements. He said he talked with both Means and Thomas before they were transferred to Yankton.
